

# Certified Intermediate Backend Developer

**Robin Portner**

*novu ag*

has successfully passed the "Shopware 6 Certified Intermediate Backend Developer" exam. This certification confirms that the participant has in-depth knowledge of Shopware's backend architecture, including the Data Abstraction Layer, APIs, and the checkout system, and can apply these skills competently to build robust extensions.

Schöppingen, 22. April 2026

A handwritten signature in black ink that reads 'L. Weyck'.

**Lea Weyck**  
Head of Academy

**This certificate is valid for 12 months  
from the date of issue**
